STUDENT VOLUNTEERS FOR SCHOOL AND COMMUNITY SERVICE

The Mohawk Trail Regional School District Committee encourages its students to be active participants in community affairs. Volunteer community service opportunities arise from school activities, classes, and clubs. Students may participate in these activities following approval by the principal or his/her designee.

Volunteer activities should be developmentally appropriate and meaningful to the student. The teacher organizing the activity or a designated adult will supervise the activity. When district personnel arrange transportation, drivers will abide by Mohawk Trail Regional School District insurance requirements.

Some examples of current opportunities for student community service are:

- Adopt a Family (Mohawk Student Council)
- Contemporary Problems Class Projects
- E.M.T. Cadet Program
- Greenhouse Project
- In School Peer Mediation/Peer Leadership
- Mary Lyon Fund
- School Library
- School Cafeteria
